SLS Work Group Out-Brief
Issues

Difficult to garner a complete picture or situational awareness.
Multiple agencies/states/regions will be involved.
Global concern would be that government in general will not meet initial public response or a long term solution.
Initial issues:
Lack of coordination of effort – common effort
Lack of a unified prioritization and decision-making
Local NGOs that can provide additional assistance may not be available.
Ability to distribute
Roadway impacts
Water impacts
No interstate process in place to allow neighboring utility districts to support each other
Self-sustaining local response teams
Possibility of agencies or organizations going outside of the system for support
Regulations that impede or prohibit response/recovery in a timely manner
Lack of capacity to manage spontaneous outside volunteers
International economic and socioeconomic impacts
